so you blame it on god.

so much hatred in this world and you can t decide who s pulling the strings so you figure it s god.

your whole life foreshadows death and you finally realize you don t want to die alone so you ll always have god. A C $\times 6$

it s all right to have faith in god but when you bend to their rules and their fucking lies that s when I start to have pity on you.

it s all right to have faith in god but when you bend to their rules and their fucking lies that s when I start to have pity on you.

there s people in the world today who say they re Jewish, Christian and such, they re all ignorant fools.

they 11 tell you you can t have your own way unless you pay money and dedicate your life or you 11 be damned in hell.

don t be feeble like all of them, you have your own brain full of thoughts and choices, so use it don t let them use you.

it s all right to have faith in god but when you bend to their rules and their fucking lies that s when I start to have pity on you.
