E D
he s all alone,

C D E
southern California air feeds them,

C G D E
and they know they re the best cuz of the way they are dressed,

C D E D E D
but you can bet you are not welcome in their home,

E D
see there s a girl who sits and

E D
watches the world from her blue screen,

E D
also a boy who truly wants to destroy his

E D
hometown scene,

C G D E
they both want to travel to the land of competition,

C D E
southern California will destroy them,

C G D E
and they won t be the best, they ll be the poseurs who dress

C D E D E D
like the plastic idiots who they copy

E D
tell me what do you need to make you happy?

E D

indeed, is it out of your reach?

E D

beware of number one, see all the damage it has done,

E D

there are so few of them,

C G D E

you won t find too many in the land of competition,

C D E

southern California doesn t breed them,

C G D E

if you just want the best, turn to yourself for the rest,

C D E

and forget about the ones who have it all

C D E

be careful of the ones who have it all
