Verse(1)

For the first two lines of the verse strum the chords w/out distortion
In the 2nd part strike each chord rapidly 5 times w/ distortion

F Eb Bb
Do you know the cost of future misery?
F Eb Bb
Have you lost your sense of sustainability?

F Eb Bb Bb
We are just a step away from realizing what we strive to be
F Eb Bb Bb
But we ve got to break out from this insulated blind and lame senility

Verse(2) played like Verse(1)

Laurels, human triumph bestowments from the past
Victories don t mean a thing if they don t last

We are just marching towards extinction with blinders on our eyes
Jeopardizing everything we ve learned and come to realize
You call that wise?

Verse(3) played like the 2nd part of Verse(1)

You can live in staunch denial and mark me as your enemy
But I m just a voice amongst the throng who want a brighter destiny
They say with me

Chorus(1)

Strum all chords w/ distortion (every line s played like the first line)

F **Eb** **Bb**
Wake up the new America Wo oh Wo oh
Transcend in the mass hysteria Wo oh Wo oh
Change is the thing you re wary of Wo oh Wo oh
We need a new America Wo oh Wo oh

Chorus(2) played like Chorus(1)

Open your eyes America Wo oh Wo oh
See through the lies they tell to us Wo oh Wo oh
Confront the fears that worry us Wo oh Wo oh
We need a new America Wo oh Wo oh

Chorus(3) first line w/out band, then played like chorus(1)

We are the new America Wo oh Wo oh
This is the new America Wo oh Wo oh
We are the new America Wo oh Wo oh
This is the new America Wo oh Wo oh - let s go

Bridge

Play once the whole intro during the bridge

(**F** **Eb Bb** **Eb ...**)
We don t have to be afraid to re-invent
We ve got to start to build, progress and implement
For when we take our fill and never pay the price
We only build ourselves a fleeting, false paradise

Solo
