Well now at least that s what they say

Rain fell like judgment

Across my windowpane

Said it fell like judgment

D E F#m
But it was only rain

[Verse 2]

Well I know what s wrong and I know what s right
And I know that evil exists sure as the day turns into night
When a man gets down on his knees to pray you know he ll find what he is able

But chances are he ll find it either way

[Chorus]

Rain fell like judgment
Across my windowpane
Said it fell like judgment
But it was only rain

Rain fell like judgment
Across my windowpane
Said it fell like judgment
But it was only rain

[Bridge]

E **F#m**
Oh lord, have mercy on a humble man

E **D** **C#**
Lost in the wilderness without a guiding hand

[Solo]

F#m E D D D E F#m F#m (2x)

[Chorus]

Rain fell like judgment
Across my windowpane
Said it fell like judgment
But it was only rain

It fell like judgment
Across my windowpane
Said it fell like judgment
But it was only rain.
