

Pretend
Bad Suns

E **F#** **E**
Sometimes I wish that we could all forget
E **F#** **E**
Your figure fades into a silhouette
B **F#** **E**
But I hear you breathing
B **F#** **E**
I m done believing

E **F#** **E**
We re painting portraits but the canvas is blank
E **F#** **E**
If this life is a gift then who do we pay?
G#m **F#** **E**
You re desperate for the answer
G#m **F#** **E**
It eats at you like cancer

E **B** **F#** **E**
Tonight won t ever end can we pretend, pretend, pretend
E **B** **F#** **E**
We ll paint the walls instead and I ll pretend, pretend, pretend again

E **F#** **E**
Your head is filled with unproven thoughts
E **F#** **E**
Twisting theories into bigger knots
B **F#** **E** **B** **F#** **E**
And I feel you dreaming, you re done believing

E **F#** **E**
Try to avoid us but I m weak to the bone
E **F#** **E**
My inner compass points me to the unknown
G#m **F#** **E**
But I still keep running faster
G#m **F#** **E**
Yea someday I ll find the answer

E **B** **F#** **E**
Tonight won t ever end can we pretend, pretend, pretend
E **B** **F#** **E**
We ll paint the walls instead and I ll pretend, pretend, pretend again
E **G#m** **F#** **E**
Ooooooh, pretend, pretend, pretend
E **B** **F#** **E**
We ll paint the walls instead, and I ll pretend, pretend pretend again
