

One Plus One Is One
Badly Drawn Boy

One plus one is one - Taken from Year of the Rat (what a cracker!)

I've put most of the chords into the lyrics add the rest from previous verses.

Intro

Gm--Am (slide) x 2

D#/Eb Bb G C Bb

Gm--G#/Abm--Am (picking strings A & D whilst sliding up)

Verse

Am **D#/Eb** **Bb**
Back to being who I was before
G **C** **Bb Gm**
Opened all the doors you tried to close
 G#/Abm Am
And how did that make me feel

I cracked the ceiling I stared at it too long
Tried to right the wrongs
Reverse the flow Now everybody's waiting outside
Trying to feel what's going on inside
Tried to turn the tide and we failed

Gm **Am**
As the past meets the future
 G **C** **Bb** **Am**
It gets clearer that it all boils down to love

Chorus

D#/Eb **Bb** **G** **C** **Bb** **Gm**
And please Give me some peace Please give me some peace
Why can't you see that one plus one is one
Much greater than the sum of the parts
And nobody's waiting outside
I felt deceived I hid behind the sun
It's time to take the gun out of life

Every scene is like the one before
It's time to close the doors on myself
As the past becomes the future
It gets clearer that it still boils down to love and peace

Give me some peace

Please give me some peace

Back to being who I was before
Open up your door, hold me now

Gm **F**
Give me some peace, hold me now

Gm **F C* Bb**
Give me some peace, hold me now

Gm **G#/Abm** **Am** (picking)
While everybody s waiting outside
