

Lost In The Night  
Bahamas

[Intro] D A D  
A D A G

A D D  
I m lost in the light  
A D D  
I pray for the night  
A D A G  
To take me, to take me to  
A D D  
After so many words  
A D D  
Still nothing s heard  
A D A G  
Don t know what we should do  
D A G A D  
So if someone can see me now, let them see you

A D D  
It was my greatest thrill  
A D D  
But we just stood still  
A D A G  
You let me hold your hand til I had my fill

A D D  
Even countin sheep  
A D D  
Don t help me sleep  
A D A G  
I just toss and turn right there beside you  
D A G A D  
So if someone could help me now, they d help you too.  
G  
They d help you to  
A  
See you through

D G  
All the hard things we ve all gotta do  
G  
Cause this life is long  
A  
And so you wouldn t be wrong

D A G  
Bein free, leavin me on my own

A D D  
And I held my own  
A D D  
Still I rattled your bones  
A D A G  
I said some awful things and I take them back

A D D  
If we would try again  
A D D  
Just remember when  
A D A G  
Before we were lovers, I swear we were friends

D A G A D  
So if someone could see me now let them see you

G  
Let them see you  
A  
See you through  
D G  
All the hard things we ve all gotta do  
G  
Cause this life is long  
A  
So you wouldn t be wrong

D A G  
Bein free here with me on my own
