This is a great song by the band Balance & Composure, I ve been searching the internet for a tab/chords to this song and couldn t find them anywhere, so i decided to give it a try myself. This is the first tab that I ve attempted, so sorry if there s any mistakes. If you see any problems, feel free to e-mail me and I will do my best to put it right. Thanks.

Intro: **C G Am F** x2

**C** **G**  
Bow your head close your eyes,  
**Am** **F**  
pray that you ll see your son again.  
**C** **G**  
He s been there your whole life,  
**Am** **F**  
watching the door for you to come in.  
**C** **G**  
He s not like other boys,  
**Am** **F**  
he s got good ideas, his thoughts are real.  
**C** **G** **Am**  
But now he s lost his head, his heart and soul,  
**F**  
He cannot feel.

**G** **F**  
So carry on with your dull life,  
**Am** **G**  
keep the guilt deep in your chest,  
**F** **Am**  
deep inside oh, don t let anyone in.

**C** **G**  
Your son s losing all hope,  
**Am** **F**  
he drags his feet when he walks.  
**C** **G**  
You will not see him cry,  
**Am** **F**  
no, he ll hold it in until you talk.  
**C** **G**  
What s been holding you back?  
**Am** **F**  
Just let him know you love him.  
**C** **G** **Am**  
What s he supposed to think of dear old dad,  
**F**  
a real man.

**G** **F**  
So carry on with your dull life,  
**Am** **G**  
keep the guilt deep in your chest,  
**F** **Am**  
deep inside of, don t let anyone in.

They play a solo here, which i could be bothered to work it out properly. I might one day get round to tabbing it, if you desperately want it, just send me an email and i ll be happy to do it but i like to just improvise this bit. But here is like the main bit of the solo:
