Verse

I ve been to every major city cross the country in a van  
And wonder if there s such a woman for a nice romantic man  
A hopeless romantic on the verge of something great  
What does it take to make a friendship last with so much give and take  
She s got to know that I m in love with her and everything she is  
It s like... be somewhere the warming of her kiss  
... shot an arrow through her heart  
I got someone who understands my passion right from the start.

Pre Chorus

You really get me started  
You know you have the softest touch  
I want you all the time

Chorus

She s just an ordinary girl  
She s all I ever wanted  
I saw forever in her eyes  
She s just an ordinary girl  
I thought I d never find her  
She was a diamond in disguise
