D                              G    Em   Bm
thatsÂ´s the way, thatÂ´s the way, thatÂ´s the way

D                    G    Em   Bm
And he finally got himself down in the streets hard to remember

Is this blood on my hands?
D                    G    Em   Bm
God let me remember! Where have I been?
D                    G    Em   Bm
What did I do? God let me remember!
