

Cruel Summer
Bananarama

Here is another 80 s song with a great synth-sounding bassline, although i prefer the rap remix that can be found on the Blue Crush soundtrack over the original. P.S. forget the Ace of Base version its a bit different. Playing it tuned down a half step is a lot easier i noticed since you can use the open A string during the fast parts. The chords were easy enough to figure out so i included them as well. I m still working on the main melody so that should up soon too. Please vote too peaceeee.

chorus:

	C#m	A	B	A
Gb	-----r-----			-----
Db	-----e-----			-----
Ab	5-----3-----5-----s---5--	1-0-1---3---1---3-----0-----		
Eb	-----t-----			-----
	1 &	2 &	3 &	4 &

note: there are a few variations of this bassline in the some of the choruses. this is the main one and the rest have only very minor changes.

verse:

	C#m	B	A	B
Gb	-----r-----			-----
Db	-----e-----			-----
Ab	5-----3-----5-----s-----	1-0-1---3---1---3-----0-----		
Eb	-----t-----			-----
	1 &	2 &	3 &	4 &

bridge before the chorus:

	Amaj7	Badd9	Amaj7	Badd9
Gb	-----			-----
Db	-----			-----
Ab	1-----1---3-----3---0--	1-----0---3-----3---0--		
Eb	-----1-1-----3-----	-----1-1-----3-----		

1 & 2 & 3 & 4 & 1 & 2 & 3 & 4 &
