**Detlef Schrempf**
Band of Horses

Someone already posted a version of this, but it was in the wrong key, so I
changed the chords and the fill.

Fill for verses (repeated every two lines):

```
e|--------------------------------------------|
B|--2--4--2-----2----4---------4--2------2----4---|
G|----------3-4----4---4-4---3-------3-4----4---4-|
D|--------------------------------------------|
A|--------------------------------------------|
E|--------------------------------------------|
```

[Verse 1]
```
                   F#                          E
```
And take a little walk when the worst is to come
```
      F#                    E
```
When I saw you looking like I never thought
```
                       F#          E
```
And say you re at a loss or forgot
```
      F#                   E
```
That words can do more than harm

```
  F#      E
```
Ohhh, ohhh (x2)

```
                    F#                         E
```
The town is gonna talk, but these people do not
```
  F#                        E
```
See things through to the very minimal
```
                     F#            E
```
But what s it gonna cost to be gone?
```
     F#                     E
```
If we see you like I hoped we never would

```
  F#      E
```
Ohhh, ohhh(x2)

[Chorus]
```
        B                        F#
```
When eyes can t look at you in any other way,
```
     E               B
```
In any other way, in any other way
```
        B                        F#
```
When eyes can t look at you in any other way,
```
     E               B            F#   E  (x2)
```
In any other way, in any other way

F# E (x2)

[Verse 2]
                        F#   **E**
So take it as a song or a lesson to learn
      F#   **E**
And sometime soon be better than you were
                              F#   **E**
If you say you re gonna go, then be careful
      F#   **E**
And watch how you treat every living soul

F#   **E**
Ohhh, ohhh(x2)

[Chorus]

      B   **F#**
When eyes can t look at you in any other way,
    E   **B**
In any other way, in any other way
      B   **F#**
When eyes can t look at you in any other way,
    E   **B**   **F#** **E** (x2)
In any other way, in any other way
