Lyrics: ... (sort of) ...

And my main desire,  
not the past, present or the future way to spend your life  
so we rested all tonight, the taste is sour.  
Every single minute of every single hour and when  
the friends you leave behind, can they get brought back  
cause there is something to say  
I was having second thoughts but they came too late  
I got dropped by the ??? and stuck in the rud  
couldn't believe we made the second cut  
oh my god how did things get to be this bad  
I dream of you sister while I'm gone for now

I'm sleeping thinking loud  
All the sheets get tossed around  
convince you might've????  
In the dreams we live again.

Waking finding out,  
your dreams are winding down  
the awful things that might've been  
you can fix them in the end
