Bang Gang - Ghosts From The Past

Em **Em/C** **D**
You fall like an angel to me
Bm **D** **Em**
And you fell and broke your wings
Em/C **D**
It was never meant to last
Bm **C** **Em**
You were just a ghost from the past

Em **Em/C** **D**
I thought you really could be real
Bm **D** **Em**
That my heart was ready to bleed
Em/C **Em** **D**
When I walked through pain and fear
Bm **C** **Em**
You would totally disappear

Em **Em/C**
You know that I love you, you know what I need
D **Bm** **D**
You know that I find you so tender so sweet
Em **Em/C**
We walked through the darkness, we walked in the sun
D **Bm**
We shared all our sorrows, we shared all our love
Em **Em/C**
You said that you love me you said that you cared
D **Bm** **D**
So how could I know I had something to fear
Em **Em/C**
I don't know where you are I know that you're hurt
D **Bm**
I should have been able to sense your alert

Em **Em/C** **D**
 You came like a stranger to me
Bm **D** **Em**
 And you said you were for real
Em/C **D**
 Now I do know where this will end
Bm **C** **Em**
 I was cold and I needed a friend
Em/C **D**
 I turned on the light so you could see
Bm **D** **Em**
 I was stuck in some other dream
Em/C **D**
 Still my eyes were crystal clear
Bm **C** **Em...** **(D)**
 You came closer and shattered my tears

Em **Em/C**
 You know that I love you, you know what I need
D **Bm** **D**
 You know that I find you so tender so sweet
Em **Em/C**
 We walked through the darkness, we walked in the sun
D **Bm**
 We shared all our sorrows, we shared all our love
Em **Em/C**
 You said that you love me you said that you cared
D **Bm** **D**
 So how could I know I had something to fear
Em **Em/C**
 I don't know where you are I know that you're hurt
D **Bm** **C** **Em**
 I should have been able to sense your alert

Em/C **Bm** **Em/C**
 How could you say you want me to go
Em **Bm** **Em/C**
 When my diamond was starting to glow
Bm **C** **Em**
 When you knew that I wanted you so

 You left me alone
