Bang Gang

**Dm** **F** **Dm**  
We had fun, but there s nowhere to go.  
**Am** **C** **Dm**  
No directions, we re here on our own.  
**Dm** **F** **Dm**  
Came from heaven, we re down on the ground.  
**Am** **C** **Dm**  
No more dreams, we have swallowed them all.

**Dm** **F** **Dm**  
We had fun, but we re pushed to the floor.  
**Am** **C** **Dm**  
Nothing left - we will always want more.  
**Dm** **F** **Dm**  
Feeling colder, it s hard to move on.  
**Am** **C** **Dm**  
Bitter taste of the passion long gone.

**Am**  
We re shivering, our way to sleep,  
**Dm**  
We re falling deep, in crystal seas.  
**Am**  
We waste our lives, to chase a dream,  
**Dm**  
We burned the path, to what is real.  
**D**  
Let s give it a try !

**Am**  
One more trip makes us want to go back  
**F**  
To the place that we belong!  
**G**  
Cause there aint no way, to take all the pain,  
**Am**  
From the crash of coming down.
