```
            Cm7
But it s all the same
                D6
I could have foreseen
                    Em
That you would act like you are
              Cm7
Oh so cool you seem
                  D6
Blending with that scene
                  Em
Wearing what you think is hard

                Cm7
Oooh, ah, ah, ah ay ya
                  Bm7
Oooh, ah, ah, ah ay ya
                  Em
Oooh, ah, ah, ah ay ya

          Cm7
I can see you struggling
                    Bm7
Boy, don t hurt your brain
                    Em
Thinking what you re gonna say
                Cm7
Cause everything s a game
              Bm7
Always trying to calculate
              Em
Trying to look smart but not too smart
To threaten anything they say

                Cm7
Oooh, ah, ah, ah ay ya
                  Bm7
Oooh, ah, ah, ah ay ya
