

## Ghosts

### Banners

**C**

I hear noises

**Em**

Awoken from my sleep

**C**

I m haunted by the thoughts

**Em**

I creep

**C**

If the earth quakes now

**Em**

Buildings fall

**C**

I m pulling pictures from

**Em**

From our walls

Til you say

**F**

**Am**

Here, here I am

**F**

**Am**

Oh, and here, here I am!

**G**

Oh ooh

**C**

All the ghosts that float

**Em**

Float around us

**C**

Now they ve turned

**Em**

All our dreams into dust

**C**

We saved your mother but darling

**Em**

There was no spark left for us

**C**

We won the battle

**Em**

But lost the heart

And now I know that

**F**

**Am**

Here, here I am

**F**

**Am**

Oh, and here, here I am!

**G**

Oh

**F**

Hard to believe

**C**

It s said and done

**G**

Hard to believe

**Am**

It s not dead and gone

**F**

I want to believe

**C**

All is well that ends well

**G**

But I just can t convince myself

**F**

Can t touch the stars

**C**

Or make them shine

**G**

**Am**

Fight the tide until the day we die

**F**

Can t touch the stars

**C**

Can t make them shine

**G**

But you know I ll try

**F**

For you I ll try!
