Intro: C2x8 **G D A-C**

**G** **D**  
I try to be calm  
**A-** **C**

Just what you need  
**G** **D**  
But somewhere along  
**A-** **C**

I lost track of me  
**G** **D**  
I had such regret  
**A-** **C**

Where did we go wrong  
**G** **D**  
You have to admit  
**A-** **C**

I stayed far too long  
**C2**  
Baby

**G**  
Save me  
**G** **E-** **C**  
If I hurt you when I lied  
**C**

I didn't mean to.  
**G** **E-** **C**  
And if I caused those tears you cried  
**C**  
I didn't mean to.  
I didn't mean to.

**C2**

I knew that you ached  
And I'd never see  
When you were undone  
You placed blame on me.  
It took so much time  
to let feelings go.  
I had you confused  
With love I don't know.

Baby, Save me

Chorus, Solo, Chorus.

And did you miss me by your side?  
You didn't seem to.

And as for all those times we tried...  
Did we need to?  
Chorus.

Baby, save me,  
ad infinium to fade.
