

Dear Paul  
Barbie's Cradle

**G** **Bm7**  
Dear Paul, oh my old friend  
**C** **G**  
I always liked you, but you always liked to go  
**G** **Bm7**  
I loved you from the classroom window  
**C** **G**  
But you were busy making girls like me miserable  
**C** **G**  
Chasing the high school girls

**G** **Bm7**  
Dear Paul, I was changed  
**C** **G**  
My very first addiction was named after you  
**G** **Bm7**  
And I stared, and I shed some tears  
**C** **G**  
And I started writing songs to comfort me while I wait  
**C** **G**  
But like some things you never came

Refrain:  
**C**  
Don't you know  
**Em** **C**  
Eleven years is long time to freeze a heart  
**Em**  
Eleven years is long enough  
**Am**(strum/hold) **D**(strum)  
To make a girl insane

**G** **Bm7**  
Dear Paul, would you stay far  
**C** **G**  
And be the bicycle I never had  
**G** **Bm7**  
And I've tried different kinds of ice cream  
**C** **G**  
But some made my throat sour but you were only bliss  
**C** **G**  
So I'll visit you in dream

(Repeat Refrain)

Interlude: **G-C**

**G**  
You make a girl insane Paul

**C** **G**  
You make a girl insane Paul

**C** **G**  
You make a girl insane
