from Face To Face

[C] My friends it s [F]not what you were famous for  
[C] But now the [F]whole world s watching you  
[C] If we could [F]help you then you know we would  
[C] But we don t [F]know just what to do  
[C] Eye to [F]eye our ways are not the same  
[C] We never [F]tried to understand  
[C] But it could [F]pass to each of us you name  
[C] Then who s the [F]one to take the blame

Ki[C]ev, A [G]candle with A [C]flame  
You ll never be the [F]same  
Our hearts go out to [Dm]you  
And what you re going [G]through  
They ve thrown away your [F]past  
Just like an empty [G]glass  
Into the [F]fire

[C] Someone [F]wiser took the Steppe from you  
[C] I m sure with [F]reason it was right  
[C] But now it [F]seems the whole world s blaming you  
[C] And who s the [F]one to put things right

Ki[C]ev, A [G]candle with A [C]flame  
You ll never be the [F]same  
Our hearts go out to [Dm]you  
And what you re going [G]through  
They ve thrown away your [F]past  
Just like an empty [G]glass  
Into the [F]fire

Ki[C]ev, A [G]candle with A [C]flame  
You ll never be the [F]same  
We all will under[Dm]stand  
You re really not to [G]blame  
They ve thrown away your [F]past  
Just like an empty [C]glass  
Into the [f]fire Ki[c]ev
