Barclay James Harvest

Barclay James Harvest - Poor Man s Moody Blues
from Down To Earth

Capo 3

Em **D**
All the nights that I ve missed you,

Em **C**
All the nights without end,

G **D**
All the times that I ve called you

C **Em**
When you needed a friend.

Em **D**
Now your eyes shine with beauty,

Em **C**
That I missed long ago,

G **D**
Yes, the truth is I love you,

C **Em**
I can t say any more.

C **D** **Em** **C** **Em** **C**
Cos I need you, yes I want you, yes I love you.

Em **D**
As I look from my window

Em **C**
To the streets where you stand

G **D**
I am gazing through dark glass

C **Em**
We can t walk hand in hand.

Em **D**
Though your friends try to tell me

Em **C**
Though your friends you defend,

G **D**
They keep my heart from your heart,

C **Em**
We must meet in the end.

C **D** **Em** **C** **Em** **C**
Cos I need you, yes I want you, yes I love you.

(You could play this without the capo if you want it in the same key
as Nights in White Satin...)
