D **F#m** **A**
Until we can uncover the colors of all our faces
Then we can encourage the light
D **F#m** **A**
to hover upon us and love all our races
weaken this damn fight,
D **F#m** **A**
go up go over, tell me there s another choice,
D **F#m** **A**
But to grow older.

(Chorus)

G **D**
Well I wanna know, Is this a world that we
G **D**
wanna live in? I wanna know, is there any way that we ll
G **D**
be forgiven? I wanna know, is this a world that we
A **G**
can be proud of? I wanna know.

D **F#m** **A**
We re always taught how to learn how to burn it away now,
No never not ever no more,
D **F#m**
it s a battle that no one
A
can win and it s lasting,
Might call it a war.
D **F#m** **A**
It s taken us inside a world that
we ve built up a wall against
D **F#m** **A**
barbed the wire upon the fence
we re leaving ourselves behind.

(Chorus)
