

Another Heartbreak
Barenaked Ladies

G D Am C
Hold on, here comes another heartbreak,
G D Am C
Hold on, here comes another heartache.
G D Am C
Too bad, but it s still a chance I had to take.
G D Am C
Hold on, here comes another heartbreak...

G D Am C
Soaking in another rainy day,
G D Am C F
I stopped to watch the long parade.
F C/G
It s winding slowly,
F D
Through the maze...

Hold on, here comes another heartbreak,
Hold on, here comes another heartache.
Too bad, but it s still a chance I had to take.
G D Am C D
Hold on, here comes another heartbreak...

I lost my way in the summer breeze,
I fell down to my hands and knees,
Now I m searching,
Through the autumn leaves...

Hold on, here comes another heartbreak,
Hold on, here comes another heartache.
Too bad, but it s still a chance I had to take.
Hold on, here comes another heartbreak...

{Short Instrumental break}

Now here you stand, in front of me,
In all of the complexity,
That I ve mistaken,
For simplicity...

{longer Instrumental break}

Hold on, here comes another heartbreak,
Hold on, here comes another heartache.
Too bad, but it s still a chance I had to take.
Hold on, here comes another heartbreak...

D

Hold on... {3x}

{End on **G**}
