The second song from the Maybe You Should Drive album. All in all, a good song and easy to play. The chorus may need some touchup work. Let me know how it sounds.

2nd verse same chords as 1st verse

She s a lot like you but
She don t look like you
OK she s not you but she ll do fine

I put my life on hold to
Avoid complication
But should I tell you to your face
And risk my hide?

Chorus same as before

3rd verse

Every morning i just hit the
Ground yawning
Stick around if you
Enjoy disaster
Cause if you can t see what I m after
You must be blind

Chorus same as before

Outro use chorus chords but played faster

Didn t have the heart to say goodbye
So I continued in my charlatan ways
Did I say heart?
I meant to say guts
Now I m on my own
And I m sorry that you re gone
