

**Is Somebody Singing  
Barenaked Ladies**

A new song, and the first song to ever be premiered from space.

It s a collaboration by BNL and astronaut, Chris Hadfield. It also features the  
Wexford Gleeks Choir.

These chords overall sound good, with just a couple rough spots. I tanscribed  
them  
by ear, so feel free to submit any corrections. Enjoy!

Ninety minutes, Moon to Sun,  
A bullet can t go half as fast.

**Fm Eb C#**  
Just a spinning ball within a tiny atmosphere (Atmosphere).

(Strum each chord once)

**C#add9, Eb, C#add9**

[Pre-Chorus]

Pushed back in my seat,  
Look out my window,  
Here comes home (Home).  
What once was fueled by fear,  
Now has fifteen nations orbiting together here.

[Chorus]

So sing your song, I m listening,  
Out where stars are glistening,  
I can hear your voices bouncing off the Moon.  
If you could see our nation,

You d know why I want to get back soon (Getting back to you, getting back to you),  
You d know why I want to get back soon (Getting back to you, getting back to you),  
You d know why I want to get back soon (Getting back to you, getting back to you),  
You d know why I want to get back soon.
