

Maybe Youre Right
Barenaked Ladies

Hereâ€™ is my foray into Tabbing, not perfect so if anyone wants to improve it,
please do (Specifically the Bridge)

CHEERS

C **G**
It was often talked about
Am **F**
It was often raised
(Same Progression Throughout)
But nothing was ever done about it
To hear the way they talked about it
Noone could be saved
But nothing was ever done about it

C **G** **Am** **F**
Shall I take back everything I ve ever said
And live my whole life in silence instead?

It was oversimplified
It was underthought
And nothing was ever done to stop it
Everything was fortified by
All the lies we bought
And nothing was ever done to stop it

Shall I take back everything I ve ever said
And live my whole life in silence instead?

Shall I take back everything I ve ever said
(Shall I take back all my attacks? All of my accusations?)
And live my whole life in silence instead?
(All my mistrust - we never discussed anyone s reservations)

C **Em**
There was a time
(**Em**) **Am**
When a crime was a crime
(**Am**) **G** **F**
Now I think I m losing my mind
 G **F**
Or taking it all too hard
 G **F**
Taking it all too hard
 G **F** **D** **F**
Taking it all too haaaaard

Shall I take back all my attacks? All of my accusations?
All my mistrust - we never discussed anyone's reservations

Shall I take back everything I've ever said
(Shall I take back all my attacks? All of my accusations?)
And live my whole life in silence instead?
(All my mistrust - we never discussed anyone's reservations)

Shall I take back everything I've ever said
(Shall I take back all my attacks? All of my accusations?)
And live my whole life in silence instead?
(All my mistrust - we never discussed anyone's reservations)

Maybe you're right
Maybe you're right
Maybe you're right
But I don't think so
Maybe you're right
Maybe you're right
Maybe you're right
But I don't think so
