

**Black Eye**

**Bargain Music**

\*I play this song in a different key than the studio version because it fits my vocal range better, plus you can use only open chords and it sounds pretty good\*

Blackeye

By Bargain Music

**C** **G**  
Coffee at seven and then I m at work by nine

**F** **C**  
I always thought the carefree style would be the way I live my life

**C** **G**  
Trippin on 1992 when all you did was smile

**F** **C**  
I guess that that s what was on my mind the day I asked you to be my wife

**C** **G**  
Oh Ooh Why you wanna give me a black eye?

**F** **C**  
I m not the best man in this world but I m the best one for you

(**C G F C** repeats for remainder of song)

Have Fun,
