GET OUT OF MY SONGS

A D

you can stay at my father s house
you can sleep in my old car
you can go where you re needed the most
you can even go to our old bar

E D

but just get out, just get out of my songs
get out of my songs

A D

you can say that you needed me the most
you can say that, and you d probably be right
now you sold your soul to the holy ghost
but the devil still rides me like a bike

E D

but just get out, just get out of my songs
get out of my songs
