

She Walked Away
BarlowGirl

F#m **D**
She couldn't take one more day

A **E**
Home was more her prison now

F#m **D**
Independence called out

A **E**
She had to get it

F#m **D**
A fight was all she needed

A **E**
To give her reason

F#m **D**
She slammed the door with no goodbye

A **E**
And knew that it was time

F#m **D**
Now she's driving too fast

A **E**
She didn't care to glance behind

F#m **D**
And through her tears she laughed

A **E**
It's time to kiss the past goodbye

F#m **D**
I'm finally on my own

A **E**
Don't try to tell me no

F#m **D**
There's so much more for me

A **E**
Just watch what I will be

F#m
She walked away

D **E**
Couldn't say why she was leaving\

F#m
She walked away

D **E**
She left all she had believed in

She walked away

((Same as Vs 1))

Not a day goes by
For the one she s left behind
They re always asking why
And thoughts of her consume their mind

God please let her know
The love we tried to show
We d promise anything
If you d just bring her home

Chorus

F#m **D**
Tell her we love her

F#m **D**
Tell her she s wanted

F#m **D**
One more thing God

A **E**
Tell her please come home

A **E**
Please come home

Chorus
