

**Surrender**  
**BarlowGirl**

Intro:

**Am Em F**

Verse 1:

**Am** **Em** **F**  
My hands hold safely to my dreams. Clutching tightly not one has fallen.  
**Am** **Em** **F** **Am**  
So many years I've shaped each one. Reflecting my heart, showing who I am.  
**Em** **F**  
Now you're asking me to show what I'm holding on so tightly  
**Am** **Em** **F**  
Can't open my hands; can't let go. Does it matter? Should I show you?  
**F** **G**  
Can't you let me go?

Chorus:

**C** **G** **Am** **G** **F**  
Surrender, surrender. You whisper gently.  
**C** **G** **Am**  
You say I will be free. I know but can't you see  
**G** **F** **Am** **G** **F**  
My dreams are me, My dreams are me

Verse 2:

**Am** **Em** **F**  
Say you have a plan for me and that you want the best for my life  
**Am** **Em** **F**  
Told me the world has yet to see what you can do with  
**Am** **Em**  
One that's committed to your call. I know of course what I should do  
**F**  
That I can't hold these dreams forever.  
**Am** **Em** **F**  
But if I give them now to you, will you take them away forever?  
**F** **G**  
Or can I dream again?

Chorus

Break: **Am G F** x4\*

Chorus

Ending:

**Am G F**  
Surrender

\* For the break a guitar solo can be played. The key is Am so all naturals; it s pretty easy.

Hope you enjoy this song and really soak up it s message and completey surrender everything to God. Let me know what you think.
