

Tears Fall
BarlowGirl

[VERSE 1]

C **Dm** **Bdim**
I have had the same dream many times
C
It haunts my mind
Dm
Its starts with a life
Bdim **C**
But it ends every time
Dm **Bdim**
Oh, so many faces that this world
C
Will never see
Dm
A reason for you life
Bdim **C**
But your heart will never beat

[CHORUS]

F G **C E**
May our tears fall down
F G **C E**
May they soften this ground
F G **C E**
May our hearts be found
F G **C E**
God, forgive us now

[VERSE 2]

C **Dm** **Bdim**
Oh, what have we lost because we chose
C
We ll never know
Dm **Bdim** **C**
And loving you is better than feeling alone
Dm
And all our claims to freedom
Bdim **C**
Have become these heavy chains
Dm
And in the name of rights
Bdim **C**
We keep filling nameless graves

[CHORUS X2]
