G9
      G G7M G
And now the purple dusk of twilight time
                                        E7
Steals across the meadows of my heart
            Cm G
                        G/F#
High up in the sky the little stars climb

              D Fdim D7
Always reminding me that we re apart
     G9 G

You wandered down the lane and far away
                          E E7/9- E7
Leaving me a song that will not die.

The music of the years gone by

Sometimes I wonder why I spend the lonely night
                           G/F# Em Bm5-/7 E7
                     G
Dreaming of a song. The meloy haunts my reverie

And I am once again with you
      D Fdim D7 D7M G6
                                      D7M G6
When our love was new, and each kiss an inspiration

But that was long ago; now my consolation

Is in the stardust of a song

            Am C
Beside a garden wall when stars are bright

You are in my arms; the nightingale tells his fairy tale

Though I dream in vain, in my heart it will remain
