Ecstasy By Barry white.(1977)

Am **D**
When we met, it wasn't quite clear to me
Am **D**
What you had in store was there for only me
Am **D**
Silly, you know you took me by surprise
Am **D**
Then I turned and looked, I saw that message in your eye
G **A**
There you were, out there on the floor
G **A**
The way you move, girl, only made me want you more
G **A**
I did not know you had me hypnotized
G **A**
There's a movement of your body dancing in my eyes
C **F**
I know I had to hold you and make you mine
C **F**
Don't want to control you just to have a good time.
Am D **Am D**
In ecstasy when you're laying down next to me
Am D **Am D**
Oh, no, no, ecstasy, yeah, when you're laying down next to me
G **A**
I find it hard for me to concentrate
G **A**
If I don't make my move, girl, it might be too late
G **A**
I've got to make sure you don't get away
G **A**
After all you done, girl, to make me wanna stay
C **F**
All my life I've been searching for a star
C **F**
Now my search is over and here we are
Am D **Am D**
Living in ecstasy, when you're laying down next to me
C **F**
I wanna hold you and make you mine
C
Don't want to control you just to have a time

Am D Am D
Living in ecstasy, well, when you're laying down next to me
Am D Am D
Ooh! ooh wee, ecstasy, you're laying here with me, uh-huh
Am D Am D
In this ecstasy when you are here with me, yeah
Am D
Oh, it's ecstasy, Lord knows when you're next to me, yeah

C F
I wanna hold you and make you mine
C
Don't want to control you just to have a time

Am D Am D
Living in ecstasy, well, when you're laying down next to me
