D#m7                      G#m7

C#m7                         F#7
I can t do nothin  without my baby
D#m7

B                 D#m7      G#m7         C#m7

    F#7
Cold and lonely
B                 D#m7      G#m7         C#m7
Everything I do is wrong, never right
D#m7
I m lonely for her only

D#m7                      G#m7
See the trouble with me
C#m7                         F#7
I can t do nothin  without my baby
D#m7
Evrything that can be
