

Heart Of My Own
Basia Bulat

Heart of My Own by Basia Bulat
Standard tuning
Capo 3rd

Note: My first tab so any mistakes just leave comment. Also, the lyrics are still
a mystery to me so don't know if they're right. Have no idea what she says 9th
line in chorus.

Intro: **Em Bm C Am Em**

Verse:

Em **Bm**
Under that burning ether that falls
C **G**
down on these walls burning my arms
D **Em**
I've been alarmed when I sat by you
Bm
For every word I could undo
C **G**
I've been uncrossed and I've been untrue
D **Em**
I've been the thorn I've been the heart

Chorus:

Em
The heart of my own

burn it down low
C
the light in your verse
G
and the shadow between
D **Em**
the way that I was when I used to know

if I go what do I hope
C **G**
For the maid or the mother I'll be
D **Em**
If only the loom and a thread would hold
