

Walk You Down
Basia Bulat

I thought I had this song figured out until I went on youtube and found out how Basia really plays it. So this is how she plays it.

Am **Dm**
Anytime that you ask for me
Am **Dm**
With a promise you can never keep
C **G**
If you know devotion is hard to see
Dm **F**
You re never lookin for your crown

Am **Dm**
But it s there everytime you re near me
Am **F**
Now I know that I love you dearly
C **G**
And you know the ending better than me
Dm **F** **C**
It s all tied up in my hair like the prettiest song

G
And the day you fall apart
Dm
If you re not to proud
F
Will you walk me down
C
And I ve been so lost
G
And if I never give you up
Dm
If I m not to proud
F
I will walk you down

Am **Dm**
If you never turn your mind on me
Am **Dm**
Near the chapel in your eyes have been
C **G**
If you know devotion is hard to keep
Dm **F**
You can only let it go

Am **Dm**
But it s there everytime you re near me

Am **F**
Oh I know that I love you dearly
C **G**
And you know the ending better than me
Dm **F** **C**
You're hangin' me in your crown where I don't belong

G
And on the day I fall apart

Dm
If you're not too proud

F
Will you walk me down

C
Well I've been so lost

G
And if I never give you up

Dm
If you're not too proud

F
I will walk you down

Dm **C** **F** **C**
And if it seems tough when I say that you're mine

E **Am**
If all confessions were enough dear

F **C** **E**
And I only knew how

F **C**
I'm still here tied up in that crown

G
On the day I fall apart

Dm
If you're not too proud

F
Will you walk me down

C
For I've been so lost

G
I never wanna give you up

Dm
but I know you'd frown

F
Oh I heard it now

C
I will walk you down

G Dm F C
