[Intro] **Em C D G**

Em **C** **D**
I am bound to you with a tie that we cannot break
G
With a night that we can't replace
Em **C** **D**
I'm lost but found with you in a bed that we'll never make
G
It's a feeling we always chase

Em **C**
I could write a book about the things that you said to me on the pillow
D **G**
And the way you think and how you make me feel
Em **C**
You can fill my mind and move my body with the fiction, fantasies
D **G**
Just call this what it is, we don't pretend it's real

Em **C** **D**
So don't make promises to me that you're gonna break
G **Em**
We only ever wanted one thing from this
C **D**
Don't paint wonderful lies on me that wash away
G
We only ever wanted one thing from this

Em **C**
Oh, in another place
D **G**
In another time, what could we have been?
Em **C**
Oh, in another place
D **G**
In another time, what could we have been?

Em **C**
Mmm
D **G**
In another time and in another place

Em **C** **D**
So lie to me tonight and pretend 'til the morning light
G
And imagine that you are mine
Em **C** **D**

Cause when the sun ll rise with the truth coming out your eyes

G

We ll be good in another life
