(Oh oh ah ah)

.

**B** **F#**  
Just another brain on the campus

**B** **D#m**  
Just another man in the field

**B** **F#**  
Just another tall pile of papers

**B** **D#m**  
Making it crowded in here

**B** **F#**  
Someone else s work on your thesis

**B** **D#m**  
Someone else s words in your mouth

**B** **F#**  
Someone knows it s hard work and research

**B** **D#m**  
Taking you up in the world

**B** **F#**  
Oh, never leave me out

**B** **D#m**  
I stand by the sidelines

**B** **F#**  
Oh, never leave me out,

**B**  
I m standing by

.  
.

**F#** **B**  
I ll watch it all from afar

**D#m** **C#**  
Heaven help me

**F#** **B**  
I ll watch it all fall apart

**D#m** **C#**  
Heaven help me

**F#** **B** **D#m** **C#**  
Help me, help me, help me, help me

**F#** **B**  
I ll watch it all from afar

**D#m** **C#**

Heaven help me
