

Daniel In The Den
Bastille

Bb **F** **Bb** **F**
Moving along at a pace unknown to man
Dm **Bb**
Go go go go go go
Dm **C**
Go go go go go

Bb **F**
And you thought the lions were bad
Dm **C**
Well they tried to kill my brothers
Bb **F**
And for every king that died
Dm **C**
Oh they would crown another
Bb **F**
And it s harder than you think
Dm **C**
Telling dreams from one another
Bb **F**
And you thought the lions were bad
Dm **A**
Well they tried to kill my brothers

Bb
And felled in the night
Dm
By the ones you think you love
F **A**
They will come for you
Bb
And felled in the night
Dm
By the ones you think you love
F **A**
They will come for you

Bb **F** **Bb** **F**
Dreaming along at a pace you ll understand
Dm **Bb**
Go go go go go go
Dm **C**
No no no no no

Bb **F**
And you thought the lions were bad
Dm **C**

Well they tried to kill my brothers

Bb **F**

And for every king that died

Dm **C**

Oh they would crown another

Bb **F**

And it s harder than you think

Dm **C**

Telling dreams from one another

Bb **F**

And you thought the lions were bad

Dm **A**

Well they tried to kill my brothers

Bb

And felled in the night

Dm

By the ones you think you love

F **A**

They will come for you

Bb

And felled in the night

Dm

By the ones you think you love

F **A**

They will come for you

Bb **F** **A** **Dm**

Oh, to see what it means to be free

Bb **F**

Of the shackles and the dreams

A **Dm**

That you claim to see

Bb

And felled in the night

Dm

By the ones you think you love

F **A**

They will come for you

Bb

And felled in the night

Dm

By the ones you think you love

F **A**

They will come for you
