

**Falling**  
**Bastille**

*Intro:* **Eb Cm**

My God, are we gonna be like our parents?  
Not me...ever  
It s unavoidable, it just happens.  
What happens?  
When you grow up, your heart dies.  
who cares?  
I care.

**Cm**

Walking out into the dark, going out a different path

**G# Eb**

Led by a beating heart

**Cm**

All the people of the town cast their eyes right to the ground

**G# Eb**

In matters of the heart

**Cm Bb**

The night is all you have

**G# Bb Eb**

You ran into the night from all you had

(**Eb**) **Cm Bb**

You found yourself a path upon the ground

**G#**

You ran into the night

**Eb**

You can t be found

**Bb Cm**

But this is your heart

**G#**

Can you feel it

**Eb**

Can you feel it

Pumps through your veins

**G#**

Can you feel it

**Eb**

Can you feel it

**Cm**

Summer evening breeze is blue  
Drawing voices deep from you  
**G#** **Eb**  
Lead by a beating heart

What a year and what a night  
What terrifying final sights
