Pre-Chorus C#m В Stories told to me and stories told to you C#m And did you ever feel like they were ringing true? verse 2
C#m
 Not everything had gone to plan
 But we made the best of what we had, you know
 Passing the drink from hand to hand
 We admit we really know nothing at all
Pre-Chorus
 Α
                C#m
                          В
Stories told to me and stories told to you
                   C#m
And was it feeling real, and were they ringing true?
And all their words were glory
          C#m
Well they all, they sounded empty
When we re looking up for heaven
Looking up for heaven
Way down here upon the ground
           C#m
When we re lying in the dirt
There s no looking up for heaven
Looking up for heaven
C#m

I ll take my chances on the curb here with you
We watched the plans leave us behind
On the curb here with you
