

**Lethargy**  
**Bastille**

*Intro: Bb Dm C (2x)*

*verse 1*

**Bb**  
Lethargy got a hold of me  
**Dm/B Dm C**  
And I don't know how to shake it  
**Bb**  
Got these itchy feet for a change of scene  
**Dm/B Dm C**  
Do anything to escape it

*Pre-Chorus*

**Bb**  
Get up, get up, pressure, pressure  
**Dm C Am**  
Run away as fast as you can go  
**Bb**  
Everyday our friends and lovers  
**Dm C Am**  
Give the answers everybody knows

**Bb F**  
You told me not to be like anybody else  
**Dm C**  
Headspin, happiness, death  
**Bb F**  
Be like anybody else  
**Dm C**  
Broke down, nothing else left  
**Bb**  
You checked out years ago  
**F C**  
Oh what I did to not to worry like you  
**Bb**  
You checked out years ago  
**F C**  
Oh what I did do not to worry like you
