

These Streets
Bastille

F **C**
These streets are yours you can keep them
Am G Am

I don't want them

F **C**
They pull me back and I surrender
Am G Am
To the memories I run from

F G Am
Oh we have paved these streets
F G Am
With moments of defeat

F C Am G
But even if we won't admit it to ourselves
F C G Am
We'll walk upon these streets and think of little else
F C Am G
But I won't show my face here anymore
F C Am G
I won't show my face here anymore

F **C**
These streets are yours you can keep them
Am G Am
In my mind it's like you haunt them
F **C**
And passing through I think I see you
Am G Am
In the shapes of other women

F G Am
Oh we have filled these walls
F G Am
With our mistakes and flaws

F C Am G
But even if we won't admit it to ourselves
F C G Am
We'll walk upon these streets and think of little else
F C Am G
But I won't show my face here anymore
F C Am G
I won't show my face here anymore

(**F G Am**)(x2)

F **G** **Am**

All that s left behind

F **G** **Am**

Is a shadow on my mind

(Oh a shadow comes upon a wall is silhouette and nothing more but it s all that
s left behind)

F **G** **Am**

All that's left behind

F **G** **Am**

Is a shadow on my mind

F **C** **Am** **G**

But even if we won't admit it to ourselves

F **C** **G** **Am**

We ll walk upon these streets and think of little else

F **C** **Am G**

But I won't show my face here anymore

F **C** **Am** **G**

I won't show my face here anymore

F **C** **Am G**

I won't show my face here anymore

F **C** **Am G**

I won't show my face here anymore
