

**These Streets**  
**Bastille**

**F** **C**  
These streets are yours you can keep them  
**Am G Am**

I don't want them

**F** **C**  
They pull me back and I surrender  
**Am G Am**

To the memories I run from

**F G Am**  
Oh we have paved these streets

**F G Am**  
With moments of defeat

**F C Am G**  
But even if we won't admit it to ourselves

**F C G Am**  
We'll walk upon these streets and think of little else

**F C Am G**  
But I won't show my face here anymore

**F C Am G**  
I won't show my face here anymore

**F** **C**  
These streets are yours you can keep them

**Am G Am**  
In my mind it's like you haunt them

**F** **C**  
And passing through I think I see you

**Am G Am**  
In the shapes of other women

**F G Am**  
Oh we have filled these walls

**F G Am**  
With our mistakes and flaws

**F C Am G**  
But even if we won't admit it to ourselves

**F C G Am**  
We'll walk upon these streets and think of little else

**F C Am G**  
But I won't show my face here anymore

**F C Am G**  
I won't show my face here anymore

(**F G Am**)(x2)

**F**            **G**        **Am**  
All that s left behind

**F**        **G**        **Am**  
Is a shadow on my mind

(Oh a shadow comes upon a wall is silhouette and nothing more but it s all that s left behind)

**F**            **G**        **Am**  
All that s left behind

**F**        **G**        **Am**  
Is a shadow on my mind

**F**        **C**            **Am**            **G**  
But even if we won t admit it to ourselves

**F**        **C**                            **G**                    **Am**  
We ll walk upon these streets and think of little else

**F**                            **C**            **Am G**  
But I won t show my face here anymore

**F**                            **C**            **Am G**  
I won t show my face here anymore

**F**                            **C**            **Am G**  
I won t show my face here anymore

**F**                            **C**            **Am G**  
I won t show my face here anymore
