

Things We Lost In The Fire
Bastille

Em **C** **D**
 Things we lost to the flame
Em **C** **Am** **D**
 Things we ll never see again
Em **C** **D**
 All that we ve amassed
Em **C** **Am** **D**
 Sits before us, shattered into ash

Em D
These are the things, the things we lost
Bm C
The things we lost in the fire fire fire
Em D
These are the things, the things we lost
Bm C
The things we lost in the fire fire fire

Em D
We sat and made a list
Bm C
Of all the things that we have
Em D
Down the backs of table tops
Bm C
Ticket stubs and your diaries
Em D
I read them all one day
Bm C
When loneliness came and you were away
Em D
Oh they told me nothing new,
Bm C
But I love to read the words you used

Em D
These are the things, the things we lost
Bm C
The things we lost in the fire fire fire
Em D
These are the things, the things we lost
Bm C
The things we lost in the fire fire fire

Em D
I was the match and you were the rock
Bm C

Maybe we started this fire

Em **D**

We sat apart and watched

Bm **C**

All we had burned on the pyre

Em **D**

(You said) we were born with nothing

Bm **C**

And we sure as hell have nothing now

Em **D**

(You said) we were born with nothing

Bm **C**

And we sure as hell have nothing now

Em **D**

These are the things, the things we lost

Bm **C**

The things we lost in the fire fire fire

Em **D**

These are the things, the things we lost

Bm **C**

The things we lost in the fire fire fire

Am **F**

Do you understand that we will

C **G**

Never be the same again?

Am **F**

Do you understand that we will

C **G**

Never be the same again?

Am **F**

The futures in our hands and we will

C **G**

Never be the same again

Am **F**

The futures in our hands and we will

C **G**

Never be the same again

Em **D**

These are the things, the things we lost

Bm **C**

The things we lost in the fire fire fire

Em **D**

These are the things, the things we lost

Bm **C**

The things we lost in the fire fire fire

Em **C** **D**

Flames they licked the walls

Em **C** **Am** **D**
Tenderly they turned to dust all that I adore
