It s getting dark again and I m feeling good again
B   C#
The night it comforts me like wine
C#   C#
And it takes me out again to look for you my friend
B   C#
There where the bright big city lights shine

E   B
And I wandered through the sky
         A
And I hold my head up high
     G#
And I meet you round the bend
E   B
And that old feeling is back
          A
Breaks my heart and breaks my neck
    G#
Don t wanna get it to an end
