When I was a little boy, my father said to me:  
**A**                    **E**                    **G**                    **D**  
Every girl is beautiful, if you only try to see.  
**A**                    **E**                    **D**                    **G**  
I m a few years older now, not poor and not rich,  
**A**                    **E**  
But there s one thing I know for sure:  
**G**                    **D**                    **E**  
Every girl, every girl is a witch.
