

**Dead Man  
Battleme**

Dead Man by Battleme

Capo 5TH fret

The F chord is actually an F major 7 (the major 7 is the E note - 7th note in the F Major scale)  
with a flat 5th (C is the 5th note in the F major scale but this has been flattened to a B which doesn't naturally occur in this scale)  
so this is called Fmaj7b5 which sounds like a nightmare but is easier than a normal F chord!

Fmaj7b5:

e|--0--  
B|--0--  
G|--2--  
D|--3--  
A|--3--  
E|--1--

It's mainly strumming but listen to the recording for the notes that are picked out on the up strokes of each chord  
- the notes are already under your fingers when you play each chord.
