

In The Flat Field Correct Version
Bauhaus

Everywhere I looked for this tab I found the same tab which was completely wrong so I decided to work it out and post the tab online. This is how it actually goes (assuming your bass is tuned the same as mine, if it s not then shift the whole thing up or down a fret or whatever). If you see a tab site with the other In the Flat Field tab on it please feel free to submit this one.

The whole song is pretty much like this.

```
G|-----|
D|3333335-33333350-----3-----3--|
A|-----4-----444444-3444444-3-|
E|-----|
```

There are bits where it does this instead. There s only one note difference.

```
G|-----|
D|3333335-33333356-----3-----3--|
A|-----4-----444444-3444444-3-|
E|-----|
```
