Verse 1: (use Riff 2 for this verse) [Riff 2 at bottom of page]

**D G D G D**

Fears one by one, followed me home, and became reality

**G D G**

I m a failure I m a freak, I m a chip on your shoulder

**D A**

The last thing you need.

Verse 2: (use verse 1 chords and Riff 2)

I shudder earthquakes at the thought of a life that s meaningless  
And with such a promising past but you can always count on me

To choke in the end

Chorus:

**D F# D D2 G D**  
I can t go on, deflate the air from both of my lungs  
**Bm G D A**  
I ll be gone, long before daylight shows it s face...

Verse 3: (use verse 1 chords and Riff 2)

Honestly I m taking big strides, in a race towards normalcy  
Where more is more and less is weak. Where love is crap  
Emotion speaks for us all.

Verse 4: (use verse 1 chords and Riff 2)

What s really right? Who s who to say? I can survive alone again.  
I figured that out the hardest way. The forecast calls for fire  
But flames sound nice today.

Chorus: (use chorus chords)

I can t go on, deflate the air from both of my lungs  
I ll be gone, long before daylight shows it s face...  
It s old and worn-and it s mouth smiles no more  
I m worth my weight in potting soil, maybe I ve tried to hard to care

Solo: (solo to come later)

**D-G x4**

Bridge:

**D G D A D G**  
I left a note on your bed. I don t recall what it said  
**E G A**  
Something like how I m completely miserable and I m better off dead.

Chorus:

I can t go on, deflate the air from both of my lungs  
I ll be gone, long before daylight shows it s face...  
It s old and worn-and it s mouth smiles no more  
I m worth my weight in potting soil, maybe I ve tried to hard to care

Outro Chorus: (repeat 3x and fade out on 3rd)

**D F# D D2**  
I can t go on, (I can t go on)  
**G D Bm G D A**  
deflate the air from both of my lungs
